Tom's frank remarks regarding harbour and recreational facilities have long been relied upon by sailors of all generations and nationalities. While leading to some enlightening secrets, they have been known to cause landlords whose establishments fall short of the required standard to lose the will to live!

Working with harbourmasters and a dedicated group of carefully selected yachtsmen and women, Cunliffe, as the third compiler of the channel pilot has kept the valuable resource as up to date as is humanly possible. More than being technically sound, which is to be expected from a Yachtmaster Examiner, the book is also a thoroughly enjoyable read.

Come along!

This promises to be an enjoyable evening talk by a true master mariner!
